As part of our commitment to 'Quality Homes in Quality Neighbourhoods' St. Leger Homes will provide services that meet the needs of its customers and provide them with equality of access and opportunity.

We will:

- Make sure our customers receive fair treatment from our staff regardless of age, race, religion, sex, disability or sexual orientation
- Make sure our services are accessible to everyone
- Provide an interpretation service for customers who do not use English as a first language
- Provide information in Braille, on audio tape or in large print on request
- Make sure our customers are treated as individuals and do everything we can to meet their needs.
- Ensure discrimination does not exist in our neighbourhoods and encourage customers to report any incidents to us
- Treat all our customers with equal consideration and respect the unique skills and gifts they have to offer to the work of St. Leger Homes
- Deal with issues of discrimination and harassment sensitively and promptly

Over time we will be adding further information to this website, new pages and more useful links. We will be including reports on important equality and diversity issues.
