HOT OFF THE PRESS: ESTATE WALKS

St Leger Homes Estate Walks

Do you care about improving your local area?
Would you be interested in coming on an estate walk with our officers?

Estate walks happen regularly and are carried out to highlight areas of concern and to make sure that the general appearance of the estate is satisfactory.

Our next scheduled estate walk is on:

Walk details will appear here.

<https://www.stlegerhomes.co.uk>

For many years St Leger Homes have carried out estate walks in your community. These walks are carried out to highlight areas of concern and to make sure that the general appearance of the estate is satisfactory. They are an important way of monitoring and improving standards in your neighbourhood and an opportunity for you to get involved. Please keep a look out for upcoming walks in an area near you.

These walks are now advertised on both Twitter and Facebook. Alternatively, if you like to plan a little further ahead - take a look on our website for a schedule up to September 2019. <https://www.stlegerhomes.co.uk/getinvolved/find-my-community/looking-after-our-estates/estate-walks/>

Good Things Foundation

Good Things Foundation (formally UK Online) has promoted basic digital skills for the last 5 years through Learn my Way. They are making sure that the skills offered are those most needed by the people using them. They want to provide essential digital skills to meet the needs of a changing population.

The workshop I attended included various different users of Learn my Way reviewing what worked well and what could be improved. Learn my Way is being used across England by so many different users and has helped 2 million people to gain digital skills since 2010.

Good Things Foundation are currently preparing to speak to government about funding and expanding the services they can offer. This conversation is positive, hopefully this will mean we are able to offer more courses and support our tenants to help get them online.

ST LEGER HOMES

COMING SOON TO A LOCATION NEAR YOU!

NEED A LITTLE SUPPORT WITH:

- Universal Credit
- Housing Applications
- Paying Rent
- Reporting Repairs
- Job Searches
- Applications
- CVs

WE CAN HELP YOU GET ONLINE

Digital Drop In

We are trialling a new style 'digital drop in' at local community venues. Your local Customer Involvement officer will guide and support you to get online at a pace that is comfortable for you. We are able to support you to get online, set up an email address, job searches, Universal Credit applications and how to use a number of self service applications and functions that are available for you online. Whether it be paying your rent, reporting a repair, reporting an issue to Doncaster Council or getting the most up to date information from South Yorkshire Police we can help you with it all.
